THE TOLTEC SYSTEM OF KNOWLEDGE

- TOLTEC ... means ... A Man or Woman of Knowledge ...
- Independent of race, gender, religion, country, language, or any other differentiating factors within humanity.
- Knowledge handed down from one generation to another over Aeons of time through oral and experiential training.
- Knowledge is NOT information, but rather - Experiential Knowledge of the Self.
- In the modern era expressed as The Toltec Teachings by Théun Mares a Toltec Seer, through personal and group training, books, and Toltec-Legacy.org website
- This logo signifies the Toltec Path of Freedom as expressed by Théun Mares, and Differentiates these teachings from Meso-American traditions of Toltecquity, Nagualism, and Shamanism.
- The Toltec System of Knowledge is a Practical Exploration of the Great Spiritual and Physical Universes, and as such is a Facet of the Diamond of the One Life.

Conventional Science

The Exploration of Form ...

- Good exploration of the 10th physical world, or the Form side of Life.
- Seeks to answer:
 - What form is made-of ...
 - How form inter-acts ...
 - Application of physical theories, principles, and properties.
- Considered to be “objective” because inner Perception of the observer is NOT included/considered ...
- E.g. Electromagnetic spectrum.

Esoteric/New Science

The Quest for Knowledge ...

- An experiential exploration of the Great Manifestation across all of the 10 worlds.
- Seeks to study and reveal the great problems of the Physical and Spiritual Universes.
- The Why, Purpose, and Principles of our spiritual, esoteric, and physical existence.
- Under-stand (support), apply, and resonate with, the principles of the One Life ...
- E.g. Aetheric spectrum ...

THE AETHERIC SPECTRUM

- Otz Chiim or Living Tree - “Tree of Life” representing esoterically the vibrational 10 levels/worlds of existence of The Great Manifestation.
- The very bottom/last 10th world is the dense physical world of form, where we incarnate into the physical tonal.
- All others levels/worlds exist at different layers of Vibration, and together known as the One Life.
- The inter-connections are unique qualities of awareness or experiential knowledge, known as the Jewels of Awareness.
- In Esoteric Science the Tree of Life is known as the Aetheric Spectrum, of which the electromagnetic spectrum in conventional science is a part within the 10th world of form.
- All experience, perception, and hence learning in life is based on Coherence which is the Inter-Dependence, Inter-Relationship, and Inter-Action of Aetheric vibrations.
- Our awareness can experience and explore any aspect of the Aetheric spectrum by aligning our perception correctly.
- Fluidity of Perception can be learned and is required to experience fully the One Life ... Ultimately leads to Totality of the Self ... All Knowledge possible to experience as man!

TOOLS OF ESOTERIC SCIENCE

- Conventional Mathematics lacks the necessary depth and quality of expression to work with the synthesis and relationship between the vibrations of the Jewels of Awareness.
- Numbers are considered to be one-dimension measures of quantity, and not the rich and expressive meaning of different vibrational qualities of life.
- Numerology is a part of the Mathematics of the Aetheric Spectrum where Inter-Dependence, Inter-Relationship, and Inter-Action of vibrations can be explored directly.
- Numerology is an Ancient science from antiquity and shows how life evolves through Synthesis, Expression, and Reflection of these Vibrational Qualities.
- Like conventional mathematics Numerology has a defined system of Principles and Laws in its synthesis and relationship and reduction of inter-acting vibrations.
- Esoteric Tools such as Numerology and Astrology amongst others, can be used to gain additional clarity in exploring Aetheric Spectrum Relationships, and Conjecture Meaning that can be applied directly to humanity's exploration of the One Life ...

ENERGY FROM FUSION

- Conventional science – a reaction in which two or more atomic nuclei are combined to form one.
- Atoms are Forced together by very large magnetic fields, accelerated ions, high-power lasers ...
- The fusion process liberates additional energy.
- Fusion cannot be sustained by Forcing atoms together, and more energy is required to force them together than liberated.

The Toltec System of Knowledge ...

- Fusion is an Inclusive process where separated entities willingly draw together to form One Whole.
- Intelligent cooperation is required between atoms which over time form a life-supportive relationship.
- Inclusive intent grows and deepens this Inter-dependent relationship drawing the atoms closer.
- Energy is liberated through the active process of intelligent cooperation leading to Inspiration.

THE WHEELWORK OF NATURE

- Nicola Tesla – “... It is a mere question of time when men will succeed in attaching their machinery to the very Wheelwork of Nature.”
- The Golden Ratio / Fractal Discharge – reveals fundamental underlying processes in Nature ...

The Toltec System of Knowledge ...

- Electricity or the Spirit is ever-present in all units of the One Life across the 10 dimensions.
- The Inner-Workings of Electricity can be defined in 3 distinct levels – Electric-fire (spiritual), Solar-fire (inclusive), Fire-by-Friction (differentiated).
- The properties as we know and measure them of every-day electricity arise from Fire-by-friction.
- Using an Inclusive Intent, and apparatus that is in Synchronicity with the Wheelwork of Nature, we can reveal Solar-fire properties of electricity which reflect fundamental principles within the One Life.
- The Golden Ratio Discharge is Electricity Resonating Harmoniously across the Aetheric Spectrum in the most basic relationship – The Golden Ratio ...

QUANTUM REALM / ENTANGLEMENT

- Quantum entanglement explains how two subatomic particles can be intimately linked to each other even if separated by light-years of space.
- Despite their vast separation, a change induced in one will affect the other.

The Toltec System of Knowledge ...

- The One Life extends across all 10 dimensions of the Great manifestation.
- The One Life is also referred to as the Web of Life, a vast system of Inter-dependent relationships.
- These relationships connect all vibrations together through feeling in the Aetheric Spectrum
- When more scientists are able to access and explore the Aetheric spectrum through their awareness, Quantum theory will give way to a New Science of Experiential Dynamics, based directly on the Vibrational Synthesis of the Jewels of Awareness.
- In Form at the most dense physical 10th level, the Web of Life and its processes are most apparent in the Quantum realm.

coMra – COHERENCE ACHIEVED THROUGH MODULATION OF RADIANCES

Radiant Life®
TECHNOLOGIES

coMra *Pro* 905

- The coMra Effect was conceived from the Unknown through a Vision in the form of a dream combined with Inspiration.
- The vision was called-forth based on the Collective Intent of a small group of people (including Adrian Marsh), working together with Coherent and Life-Supportive Purpose.
- The Feelings generated by the vision, the Direct Irrational Knowledge, revealed the Esoteric Principles of Operation through the perception of the Toltec System of Knowledge.
- The acronym coMra is a commercial trademark which represents a Coherent Process within the Regenerative Cycle of Life.
- Technological devices embodying the coMra Effect for Holistic Healing are developed by Radiant Life Technologies.
- coMra Holistic Healing utilises specific Vibrations in the Aetheric Spectrum, combined with elements of the Unknown, to encourage and support Regenerative Healing (learning) of the being, and hence the Rebalancing of dis-ease.
- The healing device Coherently Combines Laser and LED light, Magnetism, and Ultrasound in the Aetheric Spectrum.

RESEARCH AND THE AETHERIC SPECTRUM

- For Mankind the Aetheric Spectrum represents a Pioneering Exploration into the Great Unknown.
- A working Knowledge of the Aetheric Spectrum, and the Diversity of the One Life that arises through it, would bring untold Unity, Inclusiveness, and Group Conscious benefits to humanity and all its relationships.
- Technological Devices materialised through the application of the principles of Esoteric Science could be a pioneering step towards this Unity of Life.
- Research in the Aetheric Spectrum requires mankind to open its Awareness to the nature of the One Life beyond simply the form.
- To Explore Esoteric Science and the Aetheric Spectrum in your awareness it is necessary to acquire a Fluid Perception, have sufficient Self-Knowledge to navigate in the unknown, and have a Focus of Intent beyond the form side of life ...
